2. It is presently planned [REDACTED] will remain in Texas until a decision is made regarding the "G" Program. At that time two principal avenues are open. These are:

(a) If the decision is affirmative for the Firm in Ft. Worth, [REDACTED] will remain in place until we can effectively transfer his workload to a permanent Security Officer. You will recall we have discussed this possibility and the need to staff out the permanent position once such a decision is reached.

(b) If a negative decision is given the Ft. Worth firm, [REDACTED] will remain in place as long as required to close down DPD association with this company.

3. As the "G" Program decision has been repeatedly postponed, it was decided this should be forwarded to record the use of [REDACTED]. I feel these factors lead us to the conclusion [REDACTED] work probably will be accomplished in Ft. Worth by mid-July, and he will be returned to the Office of Security approximately 1 August. The Office of Security will be advised.
